The Rumanian peace treaty allows Rumania to have 150 aircraft altogether, of which not more than 100 are to be fighters. No bombers are allowed.			
2. Under these conditions the following have been formed:			
One fighter flotilla with Messerschmidt and TAR 80 machines. One wir transport group to be transformed into a flotilla.			
	This unit is equipped a equipped as transports, Fleet lisison aircraft.	with JU 52 and Savoia bombers as well as Fiesler Storch and	The year and han
3.	The Soviets are doing their utmost to reduce the Rumanian Air Force to a point even below the strength allowed by the treaty. To this end they have cut down the quantity of fuel to such an extent that it is impossible to keep air crews in training.		
L .	All bomber formations are expe	ected to be suppressed.	ekingiri.
